Isocoma menziesii
Coastal Goldenbush
Asteraceae

**Exposure**  Full sun

**Water**  Occasional water

**Form**  Evergreen shrub

**Height**  3 feet

**Flower color**  Yellow

**Bloom time**  Fall

Golden bush is a late fall blooming upright shrub with narrow leaves resembling rosemary. The bright yellow flowers are borne in profuse dense clusters at the tops of the branches. This is an excellent plant for a butterfly garden. It needs good drainage and cannot tolerate heavy frost.

**Habitat**  Coastal scrub, chaparral, arroyos
