Triteleia peduncularis

Liliaceae

**Exposure**  Full sun

**Water**  No summer water

**Form**  Bulb

**Height**  2 feet

**Flower color**  White

**Bloom time**  Summer

This summer flowering bulb bears enormous umbels of white flowers, often flushed purple. It shows to advantage if massed in a spring-moist meadow garden. It also does well in containers and can be stored in a cool dry place when not in bloom.

**Habitat**  Vernally moist meadows, pools
