

Iris douglasiana 'Canyon Snow'

Douglas Iris

Iridaceae

Exposure Sun or part shade

Water Occasional water

Form Perennial

Height 18 inches

Flower color White

Bloom time Spring

Douglas Iris is one of the best native iris for the garden. The flowers are large and colorful and the leaves are wide and bright green. The clumps increase in size rapidly making a good ground cover. Canyon Snow has wide white petals with yellow markings.

Habitat Coastal forests and bluffs
